

DEWALT (DEW682K)

DW682K Biscuit Jointer 600 Watt 240 Volt

The DEWALT DW682K Biscuit Jointer uses a rack and pinion control, that provides precise vertical adjustment and fence alignment. With pre-set cutting depths for 0, 10 and 20 biscuit sizes and additional fine adjustment for ultimate accuracy. The mitre fence remains attached in all applications for simple use and the spindle lock mechanism provides quick and easy blade changes with a single spanner. There is also anti slide grippers, eight guiding notches and a fence window to increase cutting accuracy. Supplied with: 1 x Tungsten Carbide Tipped Grooving Cutter, 1 x Shavings Bag, 1 x Spanner, 1 x 35mm Dust Extraction Spout and 1 x Heavy-Duty Carrying Case. Specification Input Power: 600 Watt. No Load Speed: 10,000/min. Cutter Diameter: 100mm. Max Cutting Depth: 20mm. Joint Groover Setting: 4mm. Fence Adjustment: 0-90 . Weight: 3.0kg. The DEWALT DW682K Biscuit Jointer 240 Volt Version.

Voltage	Input Power (Watt)	No Load Speed RPM	Cutter (mm)
230/240	600	10,000	100
Max Cutting Depth (mm)	-	-	-
20	-	-	-
