

EL 515 Plus Set

Fully automatic rotating laser

Aligned to your needs.

Ready to use and fully equipped for many applications: Either the elevating tripod or the wall mount can be used, depending on the situation. Target plate and laser glasses for improved visibility of the laser beam. Receiver and handy levelling staff for determining height differences. With rechargeable battery and charger, and the option of operating the device with alkaline batteries.

Technical Data

Self-levelling range	± 3°
Accuracy	± 1,5 mm / 10 m
Working range without receiver Ø	30 m*
Working range with receiver Ø	400 m
Rotating speed (rpm)	200, 400, 600
Power supply	NiMH
Operating time	20 h
Dust/water protection	IP 54
Laser diode / class	635 nm / 2
Temperature range	-10°C to +45°C
Weight (instrument with battery)	1,5 kg

* depending on room illumination

Features

- Instant self-levelling
- Horizontal self-levelling rotating laser; vertical levelling with one footscrew
- Automatic shut-off and audible alarm when out of self-levelling range
- Variable rotating speed
- Permanent 90° beam to zenith
- Rechargeable NiMH batteries with intelligent charger
- Integrated floor/wall mount with adjustment screw

Supplied with

- Receiver EL 702 with clamp for levelling staff
